NOW THEY MEET.

Fort Henry Tablet Committee Called
to Meet To-night.

DEWEY INVITATION COMMITTEE

Which Will Go to Washington Wed-
nesday Will be Named—The Rail-
road People Anticipate a Great
Push Into the City if the Admiral
Comes—The Intelligence Sword
Fund Entertainment.To the Fort Henry Tablet Committee:
Gentlemen—A meeting of the committee
will be held Monday evening, Nov. 20, at
7:15 o'clock, at the office of H. M. Garvin,
Dr. 1533 Chapline street, for the purpose of
naming a committee to tender to Admiral
Dewey the formal invitation to attend the
Fort Henry Tablet and Doddridge Sword
functions.
T. M. GARVIN,
Chairman.Chairman T. M. Garvin, of the Fort
Henry tablet committee, having returned
from the interior of the state, he
has called a meeting of the committee
to be held this evening at his office on
Chapline street, and a full attendance
is desired. In addition to naming the
Dewey invitation sub-committee, which
will wait on the admiral at Washington
next Thursday morning, in pursuance
of an appointment made through the
Intelligencer, the committee will also
select the gentlemen who are to make
the wedding present presentation
speech and extend the formal invitation
to the admiral, respectively.Chairman Garvin had no intimation
of what was occurring in Wheeling until
he struck the railroad at Beverly, in
Randolph county, where he was sur-
prised to learn through a friend of the
initiative action taken by the Intelli-
gencer in inviting Admiral Dewey to
Wheeling. Later, at Elkins, Davis,
Piedmont and other places he found the
same general interest in the coming of
Dewey, and he believes that the interior
of West Virginia will furnish many
thousands of visitors to Wheeling on
Dewey Day.The railroad men are becoming inter-
ested in the coming of Dewey. Said a
well known passenger man last night:
"If you get Dewey it will bring more
people to Wheeling than your wildest
expectations. Take a radius of 100 or
more miles from Wheeling, and I find
the people are more interested in the
project of having Dewey come to
Wheeling than they are in any other
thing. The Wheeling Passenger Com-
mittee, will doubtless make a rate at
least as good as one fare for the round
trip, and just as soon as you secure
Dewey's acceptance the railroads will
begin booming the affair. Of that you
may rest assured."The committee named last week to
have charge of the Intelligence's Dodd-
ridge Sword Fund benefit entertain-
ment held a preliminary meeting Sat-
urday afternoon, and adjourned to
meet again at the home of the chair-
man, Mrs. George B. Caldwell, sixteenth
street, on Thursday morning of this
week. The musical portion of the pro-
gramme, it is assured, will be all that
could be desired, and there are indica-
tions that the Players can be induced
to put on a one act comedy in conjunc-
tion. The Philharmonic Quartet, says
Prof. Schockley, will take part. These
and other attractions, with the Opera
House generously given free of charge
by Manager Feinler, make the outlook
for a first class entertainment all that
could be desired.In the footing of the amount sub-
scribed to the sword fund up to Sat-
urday, a slight error was made. The
total amount was \$177.93, not \$180.93, as
stated.The Dewey jardiniere is practically
completed. It is still in the kiln at the
Wheeling pottery, but will be taken out
to-day, and this afternoon it is to be
placed on exhibition for two days in
the display window at Grubb's, 1306
Market street. By the way, General
Manager Franzheim says this newly
designed piece of ware will be put on
the market as the Dewey jardiniere.
The particular one to be presented to
the admiral is the first produced, the
design having been made quite recently.

THE SWORD FUND.

To the Public:
We endorse the initiative action taken
by the Wheeling Intelligencer, both in
inviting Admiral Dewey to take part in
the ceremonies attending the setting of
the Fort Henry commemorative tablet, and
in proposing the raising of a fund by popular
subscription for the purpose of pur-
chasing a suitable sword, to be pre-
sented to Lieut. John Doddridge, U. S. N.,
in recognition of his services con-
tributory to the great victory won by
Admiral Dewey in Manila Bay.We suggest that the Intelligencer
proceed at once to receive subscriptions
to the Doddridge Sword Fund, to the
amount of \$500, same to be ex-
pended by the Fort Henry Tablet
Committee in purchasing the sword,
to be presented to Lieut. Doddridge,
in connection with the Fort Henry
ceremonies, February 22, 1900.H. P. McGRIGOR,

THE DREAD BUBONIC PLAGUE.

Suspected Steamer Detained at Quar-
antine—Two Sick Members of Crew
Under Surveillance.NEW YORK, Nov. 19.—The steamer
J. W. Taylor, which arrived yesterday
from Santos, Brazil, with the captain
and cook ill with suspected bubonic
plague, has been disinfected as far as
possible without discharge of cargo.
The cabins, forecabin, decks and en-
gineers' department have been cleaned
and thoroughly disinfected. The
crew have been bathed and their
clothes and effects have been subjected
to steam. The patients are at Swin-
burne Island, and there is no change in
their condition. Deputy Health Officer
Sanborn says the crew will be kept on
board the steamer until to-morrow,
when the agents will supply a new
crew. The crew will be removed to
Hoffman Island and detained for ob-
servation for ten days. There has been
no further development among them.
After the removal of the crew, the car-
go, coffee in sacks, will be discharged
into lighters. The sacks will be emptied
into other receptacles and then sub-
jected to steam disinfection on board
of the James W. Wadsworth. After
the discharge of cargo the holds of the
steamer will be disinfected. Dr. Fitz-
patrick, the bacteriological expert of
the quarantine is making cultures of
matter taken from the patients. The
result of his examination will deter-
mine the question of the discharge of
cargo. Dr. Hermann M. Biggs, bacteri-
ologist of the health department, gave
out the following statement to-day re-
garding Dr. Park's examinations of the
suspected bubonic plague patients:
"The bacteriological examinations
thus far made by Dr. Park show ap-
parently that the contents of the bro-
ken down bubos do not contain any liv-
ing germs. It is possible, however, that
some may develop in the cultures. Mi-
croscopical examinations of the pus
are also rather negative. These nega-
tive results are such as might be ex-
pected in the plague at the stage of the
disease presented in these men and
would be very unusual in other condi-
tions. These negative results are as
might be expected in the plague at the
stage of the disease presented in these
men and would be very unusual in other
conditions. They therefore, afford
some confirmatory evidence as to the
existence of the plague."Dr. Biggs said he had little doubt
that the two patients supposed to have
the disease are now almost well. The
bacteriological examinations will be
continued so long as the patients of
the infected ship present the opportu-
nity. This is the first time the physi-
cians of this city have had an opportu-
nity to study the disease directly. Up
to this time they have depended upon
foreign medical reports which are not
always authentic. Health Commissioner
Cosby said that he had no doubt the
ship could be thoroughly disinfected.
But even so it would not be permitted
to come to the city. The health depart-
ment will take no chances.

INTER-CITY CHECKERS

Between Bellaire Young Men's Club
and Martin's Ferry Fearless Eight
Was a Very Close Contest, Bellaire
Winning First Series.The first series of the inter-city
checker match between the Young
Men's Club, of Bellaire, and the Fear-
less Eight's team, of Martin's Ferry,
was played Saturday evening, at the
cosy quarters of the former in Bellaire,
and attracted a large and interested at-
tendance. The series went to Bellaire
by the closest of margins, thirteen vic-
tories, twelve defeats and seven drawn
games. The showing of Workman, of
Bellaire, was the best individually, he
taking six victories and only two de-
feats. He lost one to S. Lewis and an-
other to Morris. Fowler made the
best showing for Martin's Ferry, win-
ning four, drawing two and losing two,
his two defeats being inflicted by
Workman.

The score in detail was as follows:

Bellaire.											
	S. Lewis	Morris	Fowler	Workman	Pine	Danford	Beetham	Wickman	Total	W	L
Pine	1	1	0	0	0	0	0	0	1	1	3
Danford	0	0	0	1	1	1	1	1	1	1	3

Workman	1	0	1	2	0	0	1	0	0	6	0
Total	1	1	0	2	0	0	1	0	0	12	7

Summary.
Bellaire—Won, 13; lost, 12; drawn, 7; per-
centage, 520.Martin's Ferry—Won, 12; lost, 13; drawn,
7; percentage, 450.

WON BY WHEELING.

The Local Ten Pin Artists Win De-
ciding Games in the Inter-City
Match With Pittsburgh—"Bill"
Fette's Great Work.The remaining games of the Wheel-
ing-Pittsburgh inter-city match at
ten-pins were recalled yesterday after-
noon on the St. Cecilia alleys in Alle-
gheny. The Wheeling team went up in
the morning, via the Baltimore & Ohio
road, the party including some twenty-
five rooters, in addition to the members
of the team. On their arrival, they
were met by the Pittsburgh team, and
taken to the Park hotel, where dinner
was served.Then came the bowling, and to say
that the Wheelings made a show of the
Pennsylvanians is putting it mildly.
The first game, of ten frames, went to
Pittsburgh, simply because the Wheel-
ings didn't try very hard, but the next
two, of five frames each, were dead
easy. In the second game, the feature
was the perfect score of 150 in five
frames by "Billy" Fette, which is
really a remarkable performance. His
total for the afternoon, 463 in twenty
frames, or 23.15 per game of ten frames,
is ten-pins with a vengeance. Score:

Of the six games, three at Wheeling
and the same number at Pittsburgh, the
locals won five, and beat out the Pitts-
burghers on total pins more than 600.
The match was for \$10 a side, which
was as much as the Pennsylvanians,
who are new to the sport, would con-
sent to take a chance on. When they
learn the game, up in the Smoky City,
the Wheelings would like to get on a
match for \$500 or \$1,000 a side.Y. M. C. A. League.
